

OUR MISSION

We want to change the world.

One month at a time. Our mission at **CLOSER** is to share underexposed, under-the-radar events, ideas, art, and music with readers who care about what the future might look like. We want to shed some light on tomorrow's cultural movers and shakers—the people who are making discoveries, founding movements, revolutionizing

the way we live, the way we look, the way we think—beyond hype, beyond spin. At **CLOSER**, we strive to be ahead of our time, for excellence equally in our design and content. Above all, we honor our commitment to bring the highest quality free publication to the largest possible audience.
